

## Request for Qualifications (RFQ)

The Montana Department of Transportation (MDT) is soliciting construction and design services for the design-build project of a Motor Carrier Services (MCS) Typical Portable Scale Site Type "A" south of the Canadian Border near the Port of Raymond on Montana Highway 16. The project also includes an approach, sign package, overhead lighting, a securable Power Pedestal and an overhead Fall Protection Safety System for tanker inspection.

Contractor and consultant teams (Firms) are encouraged to submit a Statement of Qualifications (SOQ) response to the Montana Department of Transportation – Engineering Division, Contract Plans Bureau, Room 101, 2701 Prospect, Helena, Montana by **10:00 a.m.**, local time on **March 28, 2008**.

Technical Questions are to be directed in writing to Ms. Suzy Price, Bureau Chief, Contract Plans Bureau. Questions are to be posted on MDT's "Question and Answer Forum" found at the website <http://www.mdt.mt.gov/business/scripts/qaforum/qahtml.pl>. Questions must be posted at least 48 hours before the SOQ is due to MDT. MDT will provide Answers posted on the same "Question and Answer Forum".
